This EPA ID Number is permanently assigned to the site location listed above and is to be used on all shipping papers, manifests and correspondence concerning hazardous waste pertaining to that site. If the name, ownership, status, contact name, or similar changes occur, you will need to update your filing information. If you sell, leave, or abandon the site you must update your filing information. If for any reason hazardous waste is no longer generated, stored, or disposed of at this site, you may want to request a temporary withdrawal or cancel the EPA ID Number. For these updates request a "Notification Form" from DEQ by calling 229-5913.

Please note that all generators must respond to the annual reporting requirements due by March 1 of each calendar year. Each facility with an open EPA ID Number will receive instructions the previous December. All LQGs and SQGs must generate a toxics use reduction plan or a toxics use reduction annual progress report and file the appropriate notice or report to DEQ by September 1 of the following year. For more information call the above number.
